SECTION 01

Project Overview

Nova Research Group (NRG) is a global market research and consulting brand presented as an online platform that connects users with online surveys and market-research opportunities. The site positions the company as a "Trusted Research Partner for Leading Organizations" based in Buffalo, New York, USA.

Core positioning line: "Data-Driven Insights That Power Smarter Decisions."
Primary purpose: Connect real users with online survey opportunities (panel building) while showcasing a full suite of market-research consulting services to business clients.

Site Goals

- **Lead generation** — businesses request consultations via the Contact page.
- **Survey participation** — users are routed to survey opportunities and affiliate offers.
- **Authority / trust building** — services, case studies, clients, news and press mentions establish credibility.

Two Audience Tracks

Business Clients
Looking for research services — driven through Skills & Services, Market Research, Case Studies and Clients pages toward "Request Consultation".

Survey Participants
Individual users (primarily US, UK, Canada, Tier-1) routed through the Surveys page toward registration / affiliate survey offers.

Technology Stack

Layer	Technology (as detected)
CMS	WordPress
Page Builder	Elementor 3.35.7 (with custom breakpoints, SVG font icons)
Fonts	Google Fonts (enabled, <code>font-display: swap</code>)
CSS delivery	External print method (Elementor)
Images	PNG / WebP, served from <code>/wp-content/uploads/</code>
Maps	Embedded Google Maps iframe (Buffalo, NY)
Forms	Contact form (Full Name, Email, Company, Message)
SEO	Open Graph + Twitter cards, canonical URLs, robots index/follow
Credit	"Designed by webflyit"

To reproduce identically, a WordPress + Elementor stack is recommended. The same layouts can also be rebuilt in plain HTML/CSS or any builder, since all page structures are documented in Section 05.

SECTION 05

Page-by-Page Documentation

5.1 — Home (/)

Title tag: "Home - Nova Research Group"

The homepage is a long, sectioned landing page. Build the following blocks top-to-bottom:

1. **Hero** — Eyebrow "Global Market Research & Consulting"; headline "Data-Driven Insights That Power Smarter Decisions"; subtext about connecting users with surveys; two buttons: [Participate in surveys](#) [View services](#) ; hero illustration image.
2. **About NRG block** — "Trusted Research Partner for Leading Organizations". Welcome paragraph (Buffalo, NY based, consumer behaviour & psychology, marketing strategy) + "Learn More about NRG" button.
3. **Stat counters (4)** — Years of Experience · Projects Completed · Countries Covered · Client Satisfaction (%) — animated counters.
4. **Our Expertise — "Research That Reveals"** — 6 expertise cards:
 - Custom-Designed Market Studies
 - Corporate Image & Customer Satisfaction Studies
 - Cybersecurity & User Risk Studies for Insurance Companies
 - Customer Discovery for Startups
 - Research Design & Primary Data Collection for Social/Behavioral Scientists
 - Communication Research (trademark litigation, consumer confusion, online deception)
5. **Skills & Services — "Comprehensive Research Solutions"** — 8 service cards each with "Explore More": Analysis & Reporting, B2B Research, Data Entry & Tabulation, Demographic Crosstabs, Focus Groups, Mystery Shopping, Omnibus Services, Quality Control. + "View All Services" button.
6. **Market Research — "Multi-Modal Data Collection"** — 4 methods: Online Research, Telephone Interviews, Face-to-Face, Focus Groups + "Explore Methods".
7. **Our Approach — "A Proven Research Methodology"** — 3 numbered steps: 01 Discover & Define · 02 Collect & Analyze · 03 Deliver & Act.
8. **Surveys — "How it works"** — 3 steps: 01 Visit Our Platform · 02 Match With Surveys · 03 Participate & Share + "Start Survey" / "Join Now".
9. **Our Reach — "How We Connect With Users"** — 3 cards: Facebook Ads · Google Ads · SEO.
10. **Final CTA** — "Ready to Transform Your Business with Data?" + "Request Consultation" / "Explore Surveys".

5.2 — About NRG (/about-us/)

Title tag: "About NRG - Nova Research Group" · Hero: "Two decades of research excellence..."

Sections in order:

- **About** — NRG as an online platform connecting users with surveys & research studies.
- **Who We Are** — reliable, transparent online sampling; genuine user participation; ethical data collection.
- **What We Do** — traffic acquisition via Facebook/Instagram, Google Ads/paid networks, organic SEO; users matched to surveys by interest/demographics.

- **Online Sampling Approach** — building high-quality panel; no bot traffic; voluntary participation; transparency & compliance.
- **Our Mission / Our Vision** — trusted bridge between users and research opportunities; scalable high-quality global panel.
- **Press / Media table** — "List of Some Influential Articles featuring NRG": a dated table (Jan 2024 → Jun 2025) of media mentions (WIVB, WBEN, WKBW, Harvard Business Review, WIRED, Consumer Reports, Yahoo News, Dark Reading, etc.) each with a "Visit" link. *(See note below — replicate structure; verify each external link.)*
- **Our Values** — "What Drives Us" — 4 cards: Rigor · Global Reach (50+ countries) · Client Partnership · Innovation.
- **Our Approach** — "How We Reach Real Users" — Social Media Marketing · Paid Advertising · Organic Traffic (SEO).
- **Questions CTA** — "Reach out to us at: info@novaresearchgroup.site" + Contact Us button.

The press table lists third-party media outlets and external links. When replicating, keep the layout but ensure any claims/links you publish are accurate and that you have the right to reference those outlets.

5.3 — Surveys (/surveys/)

Title tag: "Surveys - Nova Research Group"

- **Hero** — "Available Surveys" — intro connecting users with online surveys.
- **Participate in Surveys** — "currently building panel"; new surveys coming for US, UK, Canada & Tier-1 countries.
- **Affiliate / offer buttons** — external survey-offer links (e.g. Opiday, Mr Survey, SurveyLama) with "Start Now / Join Free" CTAs. *(Affiliate links — replace with your own.)*
- **How It Works** — 3 steps (Visit Platform · Match With Surveys · Participate & Share).
- **Our Approach** — Social Media Marketing · Paid Advertising · Organic Traffic (SEO).
- **Target Audience** — primarily US, UK, Canada.
- **Data Quality & Transparency** — real users only, no bot/misleading traffic.
- **Get Started / Coming Soon** + "Have Questions?" (info@...) + Contact buttons.

5.4 — Contact NRG (/contact-nrg/)

Title tag: "Contact NRG - Nova Research Group"

- **Hero** — "Contact NRG" + breadcrumb (Home » Contact NRG).
- **"Send us a Message" form** — fields: Full Name, Email, Company, Message + "Send Message" button.
- **"Office Location"** — Buffalo, NY, USA · +1 (775) 298-9262 · novaresearchgroup@novaresearchgroup.site.
- **Google Map embed** — Buffalo, NY (iframe, zoom ~14).

5.5 — Our Approach (/our-approach/)

Dedicated page expanding the homepage methodology block — the 3-stage framework (01 Discover & Define · 02 Collect & Analyze · 03 Deliver & Act) plus the "How We Reach Real Users" traffic-source content. Mirror the homepage "Our Approach" copy in a full-page layout.

5.6 — Skills & Services (/skills-services/) + 12 sub-pages

Landing page: "Comprehensive Research Solutions" intro followed by a grid linking to all 12 service detail pages (listed in Section 03). Each sub-page uses the same template: service hero/title, description of the service, what's included, and a CTA to Contact. Recommended shared template:

Service page template: Hero (service name) → 1–2 intro paragraphs → "What this includes" bullet list → "Why it matters" → related services → "Request Consultation" CTA.

5.7 — Market Research (/market-research/) + sub-pages

Landing page presenting "Multi-Modal Data Collection". Sub-pages: Mail Surveys, Email Surveys, Product Testing, and Data Collection Methods (which itself nests Online Research, Telephone Interviews, Onsite Surveys, Focus Groups). Same template approach as service pages.

5.8 — Clients (/clients/)

Trust / social-proof page — client logos and/or testimonials demonstrating organizations served. Replicate as a logo grid + optional testimonial cards.

5.9 — Case Studies (/case-studies/) + Case 01–05

Index page linking to five case-study detail pages (Case 01 through Case 05). Each detail page follows a standard case-study template: client/context → challenge → research approach → results/insights.

5.10 — News (/news/) & Blogs (/blogs/)

Two content/article listing pages (post archives). News for press/announcements; Blogs for articles. Standard WordPress post-loop layout with featured image, title, excerpt, and read-more.

5.11 — Legal & Policy Pages

Standard text pages: Privacy Policy, Terms & Conditions, DMCA Policy, Cookie Policy, Disclaimer (includes the affiliate-link disclosure). Use clear, accurate legal copy appropriate to your own business; do not copy another company's legal text verbatim.

SECTION 06

Design System & Branding

Brand

- **Name:** Nova Research Group **Short:** NRG
- **Logo:** "NRG" wordmark / nova logo (PNG & WebP in `/wp-content/uploads/`).
- **Tagline:** "Data-Driven Insights That Power Smarter Decisions."
- **Tone:** professional, corporate, trustworthy, data-driven.

Suggested Colour Palette

Approximate palette matching the corporate-blue research theme (tune to your exact logo colours):

Deep Navy — headings / header

Primary Blue — links / buttons

Accent Blue — highlights / icons

Light Blue — section backgrounds

Ink — body text

Typography

- Google Fonts (sans-serif). A clean geometric/grotesque pairing works well — e.g. a bold display font for headings + a neutral sans for body.
- Large bold section headlines, uppercase letter-spaced "kicker" labels above each section.

Recurring UI Patterns

- Section "kicker" label + large headline + supporting paragraph.
- Numbered process steps (01 / 02 / 03).
- Card grids (expertise, services, methods, values) with icons + "Explore More".
- Animated stat counters.
- Dual CTA buttons (primary filled + secondary outline).

Contact Information

Exact contact details used across the site (footer + contact page). Replace with your own details when replicating.
